## Year 9 Program

Our Year 9 program this year has focused on helping our students to become resilient members of the community. To this end, this term we have provided our students with a series of challenges and then supported them while they engaged with, and conquered, each challenge. These challenges have been in the form of a series of hikes, with our most recent hike being an 11-kilometre 'stroll' in John Forrest National Park.

I am incredibly proud of all of them! Even though it was a very hot day, every one of them willingly participated and met our objective: well-done Year 9s! And now, we look forward to our most challenging hike, climbing Bluff Knoll in the Stirling Range National Park.

**Year 9 Program Coordinator**

## (PPEP Talk®)

Last week, our Year 10 students attended an age-appropriate information session from the Pelvic Pain Foundation of Australia (PPFA).

The Periods, Pain and Endometriosis (PPEP Talk®) Program is an initiative of the PPFA, funded by the Federal Government Department of Health with support from State and Territory Governments.

PPEP Talk® addresses the number one priority of the National Action Plan for Endometriosis – education and awareness. PPEP Talk® is the largest pain education program for students in Australia. It plays a critical role in informing and educating students to recognise and identify whether their pain is normal, how all the different symptoms fit together, simple ways to reduce their pain, and how to look for further help if pain is severe. This allows students to fulfil their true potential, without the burden of pain.

Thank you to our speakers for their information sessions.

## Kindy Service Project

The Kindy class have been reading the story of Jesus feeding the 5000. We spent time talking about how Jesus provided for the needs of people who were hungry and decided that we wanted to be just like Jesus.

Over the last 5 weeks, the children have been doing lots of jobs at school and earning money. They happily put the money they earned into savings jars, excited that they were going to be able to help feed people who are hungry.

This week, the whole class took a trip to Farmer Jacks and spent \$240 on pasta and pasta sauce to give to the volunteer cooks for Midland Meals, a local charity group who provide meals for the homeless in Midland, Bassendean and Ellenbrook.

Next week the children are going to help one of the cooks to make a pasta dish that can also be given to Midland Meals. We are proud of the children's kind hearts and their desire to help others and make a difference in others' lives.

Miss Karen Mason  
**Kindergarten Teacher**
