OPEN DAY THANKS

We loved seeing families enjoy Open Day last Tuesday - from cuddly animals and cupcake decorating to stamp hunts in classrooms and balloon animals made by our talented Year 8 student, Zekiah! A big thank you to all our teachers, especially the high school team, for the fantastic hall display and information session. We would also like to thank our amazing student helpers for taking new families on tours around the school. What a great turnout - it was such a lovely evening!

SCHOOL IMPROVEMENT SURVEY - COMING SOON

This valuable, research-based survey helps us grow by showing what's working and where we can improve - from learning and leadership to our Christian culture.

The survey is open between 19 - 31 May, and is open to parents, staff, and students. It's easy, anonymous, and meaningful, with results compared to thousands of schools nationwide.

Watch your inbox for the survey link - your voice makes a difference!

KINDY RESEARCH PROJECT

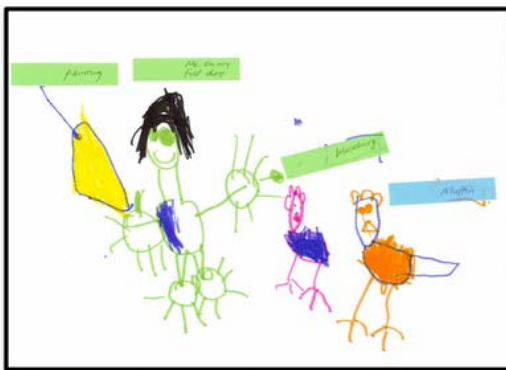

Figure 4. Child aged 4.5 years. Lansdale Christian School

“Me on my first day doing painting. And 'Blackberry' and 'Muffin' (2 chickens)”

In 2023, the students, teachers and families in our Kindy contributed to a research study with Edith Cowan University and the Association of Independent Schools of Western Australia (AISWA) relating to the process of transitioning to school.

We have just received the published report. It is great to be able to contribute to building understanding and capacity in making strong connections between home and school.

Dr Amelia Rusco of Edith Cowan University said, “I hope the way we have represented your practice does justice to the excellent work that is happening at Lansdale Christian School in the early years.”

The report can be read [here](#).

YEAR 12 ART

One of our amazing Year 12 Visual Arts students, Phoebe, has finished one of her submissions for assessment as part of her ATAR Visual Arts course.

“This painting is a depiction of the financial inequality in Australia, and has been conveyed through the juxtaposition of homeless people and rich people. I have mixed acrylic paint and oil pastels by enhancing different techniques such as wet on dry, glazing, and smudging to create blurred movement of the rich demographic, and more precise techniques to emphasize the facial expressions of the poor demographic.”
